

## **Resolution 2 - Provide Job Descriptions**

*Submitted by the Capital Area Congregation*

Resolved, That the mission center officers provide job descriptions for all positions.

---

Note: The current mission center officers interpret this resolution as submitted to be a request that the officers provide written job descriptions for all staff employed directly by the mission center officers and paid with mission center funds at the time of the conference (11/8/2025). This would currently include four mission center positions: president, financial officer, project coordinator, and camping and gathering ministries coordinator.
